DIRECTOR'S REPORT

Executive Director Hedinger stated that February was a good month for sales. We are ahead by 9% in the amount of contribution so far this year. Sales are continuing to grow and we are on target for where we should be.

Executive Director Hedinger reported that our profit from lotto games this year is \$151 million, or about 40% of our profit. The profit from daily games is about \$240 million, or 39%, which is usually what we see in those games. The profit from instant games is about 20%. We are on track for the required 30% minimum contribution.

Executive Director Hedinger stated that receipts and deposits for the month were \$245 million.

Executive Director Hedinger noted that there were 94 electronic fund transfer (EFT) failures totaling \$305 thousand. The Accounts Receivables Unit settled or closed 79% of EFT failures from February.

Executive Director Hedinger reported that the cumulative outstanding accounts receivable balance was \$3.63 million. Our bad debt reserve is \$2.9 million.

Executive Director Hedinger stated that the balances in the unclaimed prize reserve accounts for February were over \$15 million.

Executive Director Hedinger noted that the balances in the annuity investment accounts total over \$165 million.

Executive Director Hedinger stated that the three top selling non-core games for February were "\$5,000,000 Cash Extravaganza," "All Cash Millions" and "100x The Cash." Those are \$20 and \$30 games and are selling very well.

Executive Director Hedinger noted that the total sales for the Core and Family Games for the month were almost \$92 million, which represents 59% of instant sales.

Executive Director Hedinger stated that we introduced four new instant games in February and they made up over \$15 million of sales, which is about 10% of total sales.

Executive Director Hedinger reported that we had instant game advertising activities for the "Multiplier Family." That was supported with TV, Radio commercials and Billboards.

Executive Director Hedinger noted that as far as online activities were concerned, compared to last year, sales were up over 5% for Pick-3 and nearly 7% for Pick-4 in February. Those games are very difficult to lift and we make a concentrated effort to promote those games. They are the big profit makers for us.

Executive Director Hedinger stated that we had some halo effect due to the large Powerball jackpot. We saw that following that jackpot hit, sales for draws grew faster than they had before. Powerball sales, because of that jackpot, are up 77% compared to the previous year. They are still not up to the levels that they were before January 2014 when the multi-state game sales began the decline.

Executive Director Hedinger reported that we introduced a new Fast Play game in February called "Lottery Pong." There are fourteen Fast Play games available at the end of the month.

Executive Director Hedinger reported that our social media continues to be very active. We have over 117,000 likes on Facebook page.

Executive Director Hedinger stated the biggest fan reaction to a Facebook post in February was a Pick-3 winner's post that we shared and that single post has to-date reached over 40,000 people.

Executive Director Hedinger noted that we now have over 7,000 Twitter followers. Our Instagram followers are growing with over 900 followers. Social media continues to be a focus for reaching out to our customers.

Executive Director Hedinger stated our website had almost 1.2 million visitors for the month. The average users per day was over 109,000. Nearly 17% of those were new visitors.

Executive Director Hedinger reported that our VIP Club had substantial growth this month with almost 5,000 new registrations. We now have an enrollment of more than 348,654 active members.

Executive Director Hedinger stated since the inception of the Million Dollar Replay game, over 177,000 people have registered.

Executive Director Hedinger noted that all drawings for the month of February were completed with no abnormalities.

Executive Director Hedinger stated that all of our pools were closed according to procedures with no abnormalities.

Executive Director Hedinger reported that there were a large number of media and public relations activities that took place during the month. We concentrated on promoting the Million Dollar Replay event that was held on February 12. That was a very successful event. We had over 100 finalists in attendance with their guests and they were all very excited to have a chance to win one of those 15 top prizes.

Executive Director Hedinger noted that we continue to monitor any proposed legislation that might affect the Lottery. We closed out the legislative bill files from the previous session and started files for the new session.

Executive Director Hedinger stated that we continue to work with Northstar on our World Lottery Association Level 4 application. Deputy Executive Director John Custodio will give an update on the activities that are ongoing for that application. Executive Director Hedinger stated that in the IMS unit, the new uninterruptible power supply (UPS) was successfully installed and all systems were tested. The UPS is extremely important for us to have in case of power failures.

Executive Director Hedinger reported that the IMS staff has continued to provide services to the entire Lottery organization for reports or technological modifications that are needed or requested.

Executive Director Hedinger noted that the Validation staff received and sorted almost 5,000 claim forms during the month of February with an additional 388 walk-in claims. They entered 6,269 claims into the system and 6,448 were edited. During the month, 6,328 claims totaling over \$23 million were paid to winners, including annuity payments.

Executive Director Hedinger stated that there were 65 Social Security number matches in February. Thirty-six claims were processed and garnished because of current and previous matches. Fourteen claims were released from previous matches.

Executive Director Hedinger reported that this concludes the Director's Report.
