2. The Legislature finds and declares that:

a. The State Lottery, as established by and operated pursuant to Article IV, Section VII, paragraph 2 of the Constitution of the State of New Jersey and the "State Lottery Law," P.L.1970, c.13 (C.5:9-1 et seq.), is a valuable asset of the State of New Jersey.

b. The Lottery Enterprise has been and is a business-like entity, consisting of all of the assets, properties, interests, and rights of every nature and kind, tangible and intangible, of the State useful or necessary to operate the State Lottery.

c. The Division of the State Lottery in the Department of the Treasury is constantly evolving the brand, marketing, and game offerings of the Lottery Enterprise in order to retain existing players and attract new ones.

d. The Lottery Enterprise, as operated by the Division of the State Lottery, is recognized as one of the most profitable and well-operated lotteries in the United States and the world. The division operates the Lottery Enterprise in a manner that is consonant with the dignity of the State and general welfare of its people, as demonstrated by the division having earned the highest level of achievement in responsible gaming, and having received the Best Innovation in Responsible Gambling Award from the World Lottery Association in November 2016.

e. The continued operation, management, conduct, and control of the Lottery Enterprise by the Division of the State Lottery is necessary for the Lottery Enterprise to remain operating at these high standards, consistent with the "State Lottery Law," P.L.1970, c.13 (C.5:9-1 et seq.), and with applicable federal law.

f. The Teachers' Pension and Annuity Fund, the Public Employees' Retirement System, and the Police and Firemen's Retirement System are established as qualified governmental defined benefit plans pursuant to sections 401(a) and 414(d) of the federal Internal Revenue Code of 1986 (26 U.S.C. ss.401(a) and 414(d)), as amended, and exempt under section 501(a) of the federal Internal Revenue Code of 1986 (26 U.S.C. s.501(a)), as amended, and such other provision of the federal Internal Revenue Code, as applicable, regulations of the United States Department of the Treasury, and other guidance of the federal Internal Revenue Service, and this act, P.L.2017, c.98 (C.5:9-22.5 et al.). The contribution of the Lottery Enterprise to these retirement systems is intended to comply with all requirements of the federal Internal Revenue Code governing the tax qualified status of the retirement systems, and this act shall at all times be applied and construed in a manner consistent with all such requirements.

g. The members of the Teachers' Pension and Annuity Fund are serving or have served as teachers, educators, and administrators in the schools of this State and are eligible members of the retirement system, and contributing the Lottery Enterprise for their benefit pursuant to this act constitutes State aid for education within the meaning of Article IV, Section VII, paragraph 2 of the State Constitution.

h. Some of the members of the Public Employees' Retirement System are serving or have served as employees of State institutions defined in R.S.30:1-7, but excluding adult or juvenile correctional facilities or institutions, or are serving or have served as employees of public institutions of higher education, and are eligible members of the retirement system, and contributing the Lottery Enterprise for their benefit pursuant to this act constitutes support for State institutions and State aid for education within the meaning of Article IV, Section VII, paragraph 2 of the State Constitution.

i. Some of the members of the Police and Firemen's Retirement System are serving or have served as employees of State institutions defined in R.S.30:1-7, but excluding adult or juvenile correctional facilities or institutions, or are serving or have served as employees of public institutions of higher education, and are eligible members of the retirement system, and contributing the Lottery Enterprise for their benefit pursuant to this act constitutes support for State institutions and State aid for education within the meaning of Article IV, Section VII, paragraph 2 of the State Constitution.

j. The New Jersey Supreme Court has recognized the compelling need for action to solve the tenuous state of New Jersey's pension funding, observing that "the State must get its financial house in order."

k. The New Jersey Pension and Health Benefit Study Commission emphasized the dire condition of the public employee pension systems, which continues to be a matter of grave concern for public employees, retirees, their families, and all of the residents of this State. The commission found that "by any measure, the amount of the unfunded liability is grievous."

l. The contribution of the Lottery Enterprise to the retirement systems pursuant to and in the manner contemplated by this act is in the public interest in alleviating the underfunded status of such retirement systems.

m. The State, pursuant to a competitive process, engaged an independent valuation service provider to conduct a review and due diligence of the Lottery Enterprise, including its cash flows, operating history, legal structure, and projections, and the independent valuation service provider issued a report which represents its opinion as to the valuation of the Lottery Enterprise.

n. The allocable percentages established in section 5 of this act were determined based on: (1) the relative percentages of the total actuarial accrued liabilities of the retirement systems; (2) the relative percentages of the total actuarial accrued liabilities of the eligible member portions of such retirement systems; (3) the relative percentages of the total unfunded actuarially accrued liabilities of the retirement systems; (4) the relative percentages of the total unfunded actuarially accrued liabilities of the eligible member portions of such retirement systems; (5) the relative percentages of the total number of members in each retirement system; and (6) the relative percentages of eligible members participating in each such retirement system.

o. Following the lottery contribution, the Division of the State Lottery will operate, manage, conduct, and control the Lottery Enterprise with a goal of maximizing net proceeds for the benefit of the retirement systems, consonant with the dignity of the State and general welfare of its people. L.2017, c.98, s.5.

5:9-22.10 Common Pension Fund established; subaccounts.

6. a. In order to receive the lottery contribution on behalf of the retirement systems, a Common Pension Fund L is hereby established within the Division of Investment in the Department of the Treasury. Common Pension Fund L shall constitute part of each retirement system and the participating trust through which each retirement system is funded. Only the retirement systems and the trusts through which they are funded shall have an interest in Common Pension Fund L. Common Pension Fund L shall satisfy the requirements of section 401(a)(24) of the federal Internal Revenue Code of 1986 (26 U.S.C. s.401(a)(24)), as amended, in accordance with Revenue Ruling 81-100, as amended by Revenue Ruling 2004-67 and Revenue Ruling 2011-1, and the requirements for exemption under section 501(a) of the federal Internal Revenue Code of 1986 (26 U.S.C. s.501(a)), as amended. No part of the corpus or income of Common Pension Fund L that equitably belongs to a retirement system or a trust of the retirement system may be used for or diverted to any purpose other than for the exclusive benefit of the members or beneficiaries entitled to benefits under such retirement system or trust of the retirement system. No retirement system or trust of a retirement system may assign any part of its equity or interest in Common Pension Fund L.

b. Upon receipt of the lottery contribution, the Director of the Division of Investment shall:

- (1) invest and manage all assets in the investment account;
- (2) make distributions of proceeds and investment earnings thereon from the investment account into investment vehicles managed by the Division of Investment for the sole benefit of the retirement systems; and
- (3) make distributions of proceeds and investment earnings thereon from the investment account to the retirement systems from Common Pension Fund L to be used by each retirement system for any legitimate purpose of such retirement system, provided that any distribution under this part (3) shall be made on a simultaneous and pro rata basis to the retirement systems, which pro rata basis shall be based on each retirement system's relative equitable interest in the lottery contribution.

c. Upon the establishment of Common Pension Fund L, there shall be established two subaccounts therein as the operations account and investment account for the following purposes.

- (1) The gross proceeds of the Lottery Enterprise shall be deposited into an operations account. The Division of the State Lottery solely shall manage the operations account and shall make deposits therein, invest amounts therein, make requisition and payment for costs incurred in the operation and administration of the Lottery Enterprise, including reimbursements of funds used to pay such expenses, and payment for lottery sales agent commissions, certain prizes paid by lottery sales agents, costs resulting from any contract or contracts entered into for promotional, advertising, or operational services, or for the purchase or lease of lottery equipment and materials for the Lottery Enterprise therefrom, hold reserves for payment of prizes and other purposes related to the operation of the Lottery Enterprise, and otherwise manage the operations account. All proceeds of the Lottery Enterprise deposited in the operations account shall be qualified plan assets subject to the requirements of sections 401(a) and 501(a) of the federal Internal Revenue Code of 1986 (26 U.S.C. ss.401(a) and 501(a)), as amended, but shall not be assets managed by the Division of Investment for the benefit of the retirement systems under N.J.S.18A:66-61, section 14 of P.L.1944, c.255 (C.43:16A-14), or section 32 of P.L.1954, c.84 (C.43:15A-32) until any such assets have been transferred from the operations account to the investment account.

(2) Proceeds in amounts determined by the Division of the State Lottery shall be transferred from the operations account to the investment account on a periodic basis and such proceeds shall constitute the net proceeds of the Lottery Enterprise. Such proceeds transferred together with all investments thereof and investment earnings thereon shall be available solely to and for the benefit of the retirement systems in the allocable percentages specified in section 5 of this act, P.L.2017, c.98 (C.5:9-22.9). The investment account shall be managed and invested by the Director of the Division of Investment pursuant to the authority, responsibilities, and duties set forth in P.L.1950, c.271 (C.52:18A-79 et seq.), subject to the oversight of the State Investment Council, pursuant to the authority of P.L.1950, c.270 (C.52:18A-79 et seq.). The Director of the Division of Investment shall have full discretion to distribute proceeds and all investments thereof and investment earnings thereon from the investment account into investment vehicles managed by the Division of Investment on behalf of the retirement systems. The investment account may be further subdivided into subaccounts in the discretion of the Director of the Division of Investment for purposes of investing in different types of investments.

(3) Notwithstanding any provision of this act or any other provision of law to the contrary, the Director of the Division of Investment and the State Investment Council shall not have any responsibility for the operations account of Common Pension Fund L and shall not be liable for any claims, demands, suits, actions, damages, judgments, costs, charges, or expenses, including court costs or attorneys' fees in any way related to such account. Notwithstanding the establishment of Common Pension Fund L in the Division of Investment, the Director of the Division of Investment, the Division of Investment, and the State Investment Council shall not have any authority to manage the Lottery Enterprise or the operations account.

d. The portion of the lottery contribution allocated to each retirement system shall increase the funded ratio with respect to eligible members of such retirement system, provided, however, all amounts in the investment account, to the extent of the interest of each retirement system therein, may be distributed by the Director of the Division of Investment to the retirement systems from Common Pension Fund L and used by each retirement system for any legitimate purpose of such retirement system, provided that any such distribution shall be made on a simultaneous and pro rata basis to the retirement systems, which pro rata basis shall be based on each retirement system's relative equitable interest in the lottery contribution. For the purpose of this subsection, the funded ratio shall be the ratio of the actuarial value of assets plus the value of the special asset, determined in accordance with section 38 of P.L.2010, c.1 (C.43:3C-14), to the actuarially determined accrued liabilities expressed as a percentage. L.2017, c.98, s.6.
